A WEEK AT CAMBRIDGE.

A visit to England is always an inspiring and delightful thing, but to stay for a week at one of the English colleges, as it was my happiness to do this summer, is certainly a unique experience. During the session of the British Association for the Advancement of Science in Cambridge, Mrs. Sidgwick, the principal of Newnham College, invited a number of women interested in college work, to be her guests.

We arrived in Cambridge on the 17th of August and reached Clough Hall, Newnham College, at afternoon tea-time. After being cordially welcomed by the Vice-President in charge of the hall we were conducted immediately to the beautiful dining hall, which is built in imitation of the older college halls, with its high table at one end. People were grouped about the tables on the floor in a pleasant and informal fashion, drinking tea. The first person I saw on entering the room was our own Professor Wilcox, a former Newnham student, and some of the other American guests who had just preceded me. Then I went up-stairs and was shown my rooms—a real student's suite, a tiny bed-room and a charming little study across the hall. It was most interesting to compare the actual furnishing of these rooms with the

furnishing of our Wellesley rooms, and to see that the teakettle and some of the devices of American girls are also essentials of the British student.

That same night came the President's address in Corn Exchange, otherwise the City Market. This was draped in calico, for it is a bare brick building, and a stage was built in the middle of one of the long sides. Upon this platform were grouped some of the most distinguished men in England, and when Mr. Balfour, the Prime Minister, who is President of the Association, arose to make his address, it was a very memorable scene.

The days were full, with lectures in the morning on almost any conceivable subject in science that one chose to attend. The work in Biology was especially interesting. The educational section was presided over by the venerable Bishop of Hereford, himself a head master of great renown before he was made bishop. In Economics sol papers of unusual interest, such as Mrs. Bosanquet's "Study of the Economic Importance of the Family," and the chemical, physical and geological sections all had their ardent devotees. There were section meetings both morning and afternoon, but the afternoon also had most delightful diversions in the way of garden parties at Girton, at Emanuel and some of the smaller colleges and there was a magnificent evening reception at Trinity.

The scene at Trinity was one never to be forgotten, when "carriages set down at the great gate" and we entered under the pompous statue of Henry VIII and walked across the splendid great quadrangle to the dining hall, which had been cleared of its tables and was resplendent with beautiful women in beautiful dresses and fine looking men. On the raised dais at one end stood the Master of Trinity, a very fine looking man with white beard, in his scarlet robes; at his right stood Mr. Balfour, who is certainly over six feet tall, and at his left the Chancellor of the University. These three men in their scarlet doctor's robes made a most imposing sight. Mrs. Sidgwick stood beside her brother, Mr. Balfour, and received with him the American guests and many others. We passed on into Neville's Court, the great cloister of the College, which was brilliantly illuminated, and into the Master's garden, with grass flowering in electric lights of different colors. As one wandered through the cloisters, a little placard announced that at ten o'clock Mr. So-and-so, the pres-

Pinkham & Smith, OPTICIANS,
288 Boylston Street, Boston.

Now that we are back at Wellesley again and ready to take up the work of the new year, we realize, perhaps even more clearly than ever before, the value of the summer vacation. This is not only because we have been physically refreshed and strengthened by summer days out of doors; and because we are mentally rested by freedom from study. A very large part of the value comes from the broadened horizon. The summer vacation takes us out of the academic world, gives us an opportunity, not only to gain that distance which lends enchantment to our view of past study, but also to test our college scheme of life and thought under outside conditions. Thus gradually we are coming to a better estimation of relative values and to see our work in truer proportion and in better light. All this helps very materially to make Sophomores out of Freshmen, Juniors out of Sophomores, Seniors out of Juniors.

To the girls of all the classes, now beginning a new year of college work and play, College News extends cordial greetings and good wishes for all that is best at Wellesley.

A very good thing to do at the opening of the year is to subscribe promptly to College News. We have given over the present issue largely to the Alumnae, but as the weeks go by we shall endeavor to justify our name by keeping all readers in touch with what goes on at College. We do not ask Alumnae and Freshmen to subscribe merely to show their loyalty. You will find

A WEEK AT CAMBRIDGE—Continued.

ent occupant, would be happy to show Lord Byron’s rooms to visitors; and other famous names were mentioned as the history of the College was recalled.

Saturday was a free day, with no appointments for sectional meetings, but was given to excursions in the neighborhood. I decided to join any excursions, and left Newnham about ten in the morning, not to return until seven in the evening. The day was most lovely, with soft clouds floating in the clear, blue, English sky,—a sky which seems a very homelike, brooding heaven. I went in and out of the colleges, going to Queen’s, where is the picture of the charming little Queen Margaret of Anjou. I wandered in those lovely cloisters, and then took a boat and rowed myself for a couple of hours on the Cam. That perhaps was one of the great experiences of the whole summer,—actually to be in a boat on the river one has heard so much about! I only ran into one boat and into one pier of one bridge, and when it is remembered that the river is very narrow and very full of boats, and is spanned by many bridges, I was quite proud of my oarsmanship! The day ended with a service at King’s College Chapel from five to six, when the choir sang a lovely anthem from Brahms’ German Requiem, and Dr. Mann, the famous organist of King’s, played superbly for five or ten minutes in the waning light at the close of the service.

On Sunday evening there was a most magnificent festival performance by the choirs of King’s, Trinity and St. John’s. The organists of these colleges are all of them famous men, Dr. Mann of King’s perhaps being the most celebrated. There was no organ music that night, simply the chord to give the choirs the key, and then such splendid work, beginning with a motet of Palestrina’s, was carried on without a sound of accompaniment. The program was arranged chronologically, so that we had Palestrina, the early Englishmen, Byrd, and Ferrand; then the more modern men: S. S. Wesley in a splendid composition following the strict lines of the older musicians, but with more coloring, and, to end with, a Mendelssohn Psalm, the XXII, and an anthem of Brahms. The whole magnificent chapel was filled with people who sat with breathless attention listening to this music, which seemed to come from the very choirs of heaven. There was only candle light in the chapel, and as the flames flickered with passing gusts of summer air, and the wonderful volume of sound re-echoed in the vaulted roof, one seemed really in another world. That Sunday evening was the climax of everything that was most beautiful. The Newnham garden party followed and so the delightful visit came to an end.

London is always deeply interesting. A few days there and a Sunday on the continent, and those weeks of pleasure on the other side of the world were over and my face turned again toward Wellesley, with very happy memories of the beautiful English University of which I felt as if I had been a member for one happy week. 

Caroline Hazard.

ALUMNÆ BUSINESS MEETING.

The twenty-fifth annual meeting of the Wellesley Alumnae Association was called to order at quarter before eleven, June 22, 1904, by Miss Elva H. Young, 1906, President of the Alumnae Association. For the first time in many years all of the officers were present.

The reports of the Secretaries and of the Treasurer were read and accepted, The Income Fund Committee reported 1,175 paying subscribers, of whom 253 had not then paid pledges to

New Fall Flannels
At McCutcheon's.

This season we are displaying a wider collection of Flannels than ever before. Many novelty weaves are shown, and the patterns are exceedingly attractive and varied.

We call particular attention to the first line, known as McCutcheon's Unshrinkable Flannels.

These have been washed and scoured in the yarn, and are guaranteed to launder absolutely without shrinkage. There are two qualities in these; the first, a Cotton and Wool mixture, in solid grounds and all-white, and a choice collection of Fancy Stripes, at $1.50 per yard, and an exceptionally fine grade of all wool, in particular Stripe combinations, at $1.00 per yard. Width, 31 inches.

Washable Saxony Flannels, including a number of Jackard and Fancy Figures, as well as Roman and Plain stripes, on colored and white grounds, at 85c, $1.00, $1.10 and $1.20 per yard, width 27 inches.

Plaid Saxony Flannels, especially suitable for Waists and Suits, at 75c, and $1.10 per yard, width 27 inches.

Saxony Silk Warp Flannels. In these the all-white effects are particularly beautiful, showing dainty Silk Warp Figures, Dots and Stripes. The colored mixtures show broad and narrow stripes. $1.25 a yard, 27 inches wide.

All Wool Botany Flannels. In plain colors, including white, tan, several blues, grey, red, a number of browns, and black. 60c per yard, 27 inches wide.

Printed All Wool French Flannel in Dots, Stripes and Figured Effects, on colored and white grounds, at 75c per yard, 27 inches wide.

Printed French Wool Challies. The patterns include several Colonial designs, as well as Stripes, Dots and Figures, all in color combinations. 50c per yard, 28 inches wide.

Samples Sent Free on Request.

ALUMNÆ BUSINESS MEETING—Continued.

the amount of $405.50. The total receipts up to June 20, 1904, were consequently $1,052.25, which is a much smaller sum than that of the previous year. The Historical Committee announced through its Chairman, Edith S. Tufts, 1884, the presentation to the Association by Miss Susan Wade Peabody, 1886, of a valuable collection of "Wellesley Courants" and "Preludes" from 1887-1892.

Miss Emily B. Shultz, 1894, Chairman of the Wellesley College Settlement Fellowship Committee, reported that the Wellesley Alumnae have contributed this year $200 to their joint Fellowship of $300 with the College Settlement Association; and the Committee recommended that Wellesley help support a Fellowship of $400.

The Executive Board reported through the Recording Secretary, Florence S. M. Crofoot, 1897, many innovations and additions to Alumnae equipment, including an index cabinet to facilitate Alumnae registration during Commencement week and the purchase of books as well as a case for filing and preserving detached memorabilia. The Executive Board announced also their recognition of the necessity of preserving in permanent form at the College information concerning Alumnae, such as is preserved of a few classes at Harvard and at Johns Hopkins. In pursuance of this fact, the Board prepared a series of questions which were sent prior to Commencement to a few reunion classes, of whom 1879 and 1884, as well as 1892 and 1896 have already responded in full. These questions ask for permanent home address, place and date of birth, marriage, children, degrees, advanced work not leading to a degree, occupation, philanthropic work and foreign travel. This information will also be used at the College by the Committee of Vital Statistics of which Miss Case is Chairman.

The Executive Board announced that at the request of the College Settlement Association, Miss Elva H. Young, 1896, was appointed the Wellesley Alumnae member of the College Settlement Fellowship Award Committee. It was suggested by the Board, that the address this spring at the College by the President of the Association become a precedent for some member of the Board to address the graduating class at Wellesley to inform them of the work and objects of the Alumnae Association, in order to prepare them for the duties of membership in the Association.

The Treasurer of the Shafer Memorial Fund, Miss Ellen F. Penleton, 1886, reported the balance on hand to be $2,137.25, which sum when added to the amount due it this year from the Income Fund, will make the total amount exceed $2,500; and as such, to be in accordance with the vote of the Association in June, 1901, it was voted that the Fund thus completed should be delivered to Wellesley College—$300 of said Fund to be used for the equipment of the department of pure mathematics, and the remaining $2,200 to be invested and known as the Shafer Library Fund.

The Palmer Memorial Committee reported through its Treasurer, Miss Lucy J. Dow, 1892, that subscriptions have been received for this fiscal year to the amount of $4,350.25.

Miss Mary E. Haskell, 1897, Chairman of the Wenckebach Memorial Committee, reported the balance on hand to be $2,357.11. It was voted that on November 1, this fund should be paid over to Wellesley College.

The Committee on Nomination of Alumnae Trustee, through its Chairman, Miss Ellen L. Burrill, 1886, announced the election of Mrs. Bertha Palmer Lane, 1861, to the Alumnae Trusteehip for the term of 1904-10. This Committee presented valuable recommendations regarding the fundamental basis of the privilege of the Association of nominating trustees.

Wellesley Clubs throughout the country, from Seattle and Southern California to the sturdy organization of the Connecticut Valley, were shown by the Corresponding Secretary's report of their work to be flourishing and loyal to Wellesley interests.

Miss Roxana Vivian, 1894, was elected Alumnae Editor of the "Wellesley Magazine."

It was voted to continue the custom of inviting to the Alumnae luncheon non-graduates as representatives of Wellesley Clubs.

The polls for conducting the election of the officers of the Association from 1904-06, were open from 9:30 to 11 A.M., outside College Hall Chapel and the result of the election was declared as follows:

Mrs. Ada Wing Meade, 1887, President.
Miss Alice W. Hunt, 1895, Vice President.
Miss Helen M. Cupron, 1898, Recording Secretary.
Miss Lillian B. Miner, 1888, Corresponding Secretary.
Miss Mary K. Conyngton, 1894, Treasurer.

An amendment to the Constitution was proposed as follows: To amend Section 6 of Article III by striking out the phrase "of more than one year's standing," so that the first clause shall read: "The duties of the Treasurer shall be to request an annual subscription of one dollar from all members."

On motion, the meeting was declared adjourned.

Florence S. Marcy Croput, 1897, Recording Secretary.
ALUMNAE NOTES.

The Alumnae Editor wishes to thank most sincerely all those who were kind enough last year to forward items of interest to Alumni and former students to publication in College News and the Wellesley Magazine. It is only those who have undertaken the task of editing the Alumnae Notes who understand how welcome is a piece of news, especially an accurate one of some length; for a column a week is assigned to the editor, and it is supposed to be filled with facts and not by the imagination. Class letters and announcements many interesting notes and will be used with discretion.

This year the Alumnae Editor, with the co-operation of the Business Manager, will make a special effort to circulate the News among the Alumni. As many extra copies as possible will be sent out the first of the year, and later from time to time, to members of the Alumnae whose names are on the Publication List of the College, or to whom a number of special interest. Those who receive these complimentary copies are asked to circulate them among other Wellesley people in their vicinity, so that a larger number than before may become interested and learn how to subscribe. It is hoped that in this way we may reach those who say at Commencement: “I intended to subscribe this year, but I did not know how, and the year was over before I attended to it.” Subscriptions may be sent to Miss Helen R. Norton, Wellesley, Massachusetts.

The class of 1879 held its twenty-fifth reunion at Wellesley on the afternoon and evening of Commencement Day. The class assembled in College Hall center, and after brief exercises about the tree went to the Phi Sigma House for the more formal reunion. Of the eighteen who graduated in 1879 seventeen are now attending to-day and are well and active, a pretty fair proof that a college education does not undermine a woman's health.

Eight of these seventeen, or forty-seven per cent., were present on this occasion, besides five former members of the class and three of the children. The class welcomed as its honored guests Mrs. Durant, Miss Whiting, Miss Hodgkins, and Miss Currier.

At the close of the luncheon the President, Miss Evelyn S. Hall, after a few words of greeting, read letters from Miss Horton and Miss Halldow and from absent members of the class, a song, the words of which were written by Mrs. Gertrude Chandler Wyckoff. The singing of the class song, and the following toasts were responded to:

Greeting from Our Guests

Mrs. Durant, Miss Whiting
Our Honorary Member
Mrs. Durant, Mrs. Louise McCoy North
"Lest We Forget"
Mrs. Gertrude Chandler Wyckoff
Since College Days
Mary Ella Whipple
Our Husbands
Mrs. Isabelle Cromwell Snell
Our Children
Annie Sybil Montague
"The Dark Side of Life"
Ida Josephine Brown
Twenty-eight members of the class of 1889 gathered at the Hotel Vendome in Boston, June 18, to celebrate the five-hundredth anniversary of their graduation. The business meeting was called to order at eleven o'clock by the President, Mrs. Mary Bean Jones. It was announced that the 1889 scholarship fund of $1,000, founded in memory of deceased classmates, was completed and the draft would be handed to Mrs. Durant for the Students’ Aid Society during Commencement Week. Since this fund was completed a movement was started to raise $1,000.
ALUMNAE NOTES—Continued.

... to place a window in Houghton Memorial Chapel in memory of Dr. Phillips Brooks, who was an honorary member of 1889.

Greetings were exchanged with the class of 1901, holding its triennial at the Vendome at the same time. At one o'clock, lunch was served on tables decorated with the leaves and blossoms of the tulip, the class tree. After the lunch Mrs. Jones presided as toastmistress and the following toasts were given:

- Fifteen Years of Progress—Grace Andrews
- Present Tendencies in College—Miss Case
- Work in Fisk University—Vara Schmidt
- Our Hobbies and Their Parents—Louise Follett

A Field Open to All—Helen W. Holmes

The Legacy of Our College Course—Alice L. Brewster

It was a great pleasure to the class to be able to have present their associate member, Miss Case. Greetings from absent classmates followed the toasts and the reunion closed with the singing of the college and class songs.

The class of 1904 held its tenth reunion at the Hotel Vendome on the evening of Commencement Day, with about sixty members present. The President, Miss Gertrude Angell, made an address of welcome and letters were read from absent members, including one of especial interest from Miss Maria Russell. The following toasts were given under the guidance of Miss Helen Foss as toastmistress: "Our Reunion," Alice S. Perry Wood; "The Joys of Thirty," Harriet Manning Blake; "Hislands, Pro and Con," Evangeline Sherwood Reid; "The Children, Our Own and Other People's," Elizabeth Bartholomew Sayre; "Those Lost Careers," Sarah Bixby Smith; "The Day's Work," Mary Conyvgrton; "An Unconscious Prophecy," Maud Thompson; "The College Beautiful," Roxana H. Vivian.

The class had eight new songs for Commencement Week and used them with good effect, in particular at the rally around the class tree on Tuesday morning when speeches were made by Freshman, Sophomore and Senior Tree Day speakers. The following minute is of interest in this connection—Voted: That a willow tree, suitable in size and one that will grow, be secured and placed in the old spot for 1894's tree. Aside from the tree there seemed to be a feeling among 1894's that Wellesley had progressed in the last ten years and that some of the good ideas 1894 had about student government and other matters were being recognized.

By the generous hospitality of Miss Mary Frazer Smith and her mother, the eighth reunion of the class of 1896 was held at their home, June 15, at one o'clock. Twenty-six members and four class babies were present. The luncheon was in charge of Miss Grace Godfrey, 1896, of the Domestic Science Department of Simmons College. The reunion ended with a Kitchen Shower for the class president, Miss Elva Hu Burland Young.
