I have paid Douglas hi bill $22.  What other bills are outstanding.

Then is one at Crocker's I know of.

I have sent her money for $25. Please give me all the accounts you have outstanding so that I may know how much is owing and to whom.

Having got rid of my furniture that is when it is paid for and taken away I shall apply to be removed to some other sort of place. (I forgot to say I had sent to Miss Burke.) I think I can do it this time. I should like to be sent to Bantam, though which will be a very pleasant place to spend the summer. But, however, I shall write to Tongue to find out the state of the barns and whether they are occupied by tenants or not. I would not like to be joint tenants with them.

Yours welcome letter reached me on time. I was very glad to hear that you had got home so well. For this I had no apprehensions as to your safety. I did not know how you would be able to stand the journey.

Sorry to hear that Silla and Francie had been sick. I hope they will remain so. Don't keep Francie in the house; let him run out and get air the good he can from the sun and air.

Rob will probably do very well enough, now he is where he will be so liberally supplied with cake and candy as he was while here.

The boys have been sent but you will not get them in all post.
ability before the last of next week if so soon as that.

Charles Dean selected the flower and I sent for them on Tuesday but I imagine he had wholly forgotten your conversation, or the fact you nothing but geranium & fuchsias, not very rare, so you need not yet if you find them all dead when they arrive, as you must probably kill. If I come to town again I will see if the seed of that Salvia can be brought I send it by mail of I find any.

I am learning at the mill but do not like it much. Much denting in Cotown and pays no attention to the business, consequent on the bills too high and the grab at the desk. I should not be surprised to find myself at Mrs. Rigdon by the end of the month. The coal fell down an aren two or three right since, striking the head against the wall & producing concussion of the brain, the bill probably be laid up two or three weeks. I asked Emma whether she would like to take the place while she was away, but she would not. I believe she was afraid. She says the kitchen is horribly dirty and I am afraid of it. I don't think I can do as well as I did in town.

By the way I have sent the furniture for $90. I had paid $90 for the price, the commoners by offering me $80; then $85; then $90 which I concluded to take. I could not have resisted to do much better with it.
