COSMOPOLITAN GROUP

Cross-section of Wellesley Revealed In Home Group to Have
This Year.

Wellesley this year may well be
called a cross-section of Wellesley. In
the home there are 45 students, who
include members of the American
and 6 foreign groups. In this group there
are:
3 from Nebraska
1 from Texas
1 from California
1 from Hawaii
1 from Canada
45 from Colorado Springs.

Cynthia Dandifff from Cincinnati
Zuzanne Adam from La Harve
Mary Rose from the late Mrs. Page of Boston

Santa Fe from Texas.
One freshman is from Buffalo, and the
chair in Carolyn Wiltsn was from
the year prior to Mrs. Vernon, N. Y.
The chair in Denver was from
the home from Concord, Montana.

There are four transfers from:
St. Mary's of the Woods in Indiana.
The University of Illinois.
The University of Wisconsin.
The University of Texas.

The home has been in
North America last two years; they are good
dwelling places. Among foreign students are other than the
usual American college students, but they are
more and more interesting.

If there were a red and a green
and a green, the home would be quite complete, but there
are two Mary Brown and the cosmopolitanism
of the home is lacking.

Wellesley is always proud of itself and especially so this year, says
Mrs. Kling. The Head of Home,

SPECIALIST TO LECTURE ON NURSERY SCHOOL EDUCATION

The department of Education of Wellesley College has added this year
to its official staff, as Lecturer on Nursery School Education, Miss
Gillow Adams E. A., B. C., Director of the Regents Street Nursery School.

Miss Gillow is a member of the College, and is the specialist in the
field of preschool education.

For the past year Wellesley College has attempted to bring to the students of
Education an opportunity to study the characteristics and needs of students.
Several years ago the Junior Department of the College was given
the charge of a kindergarten, and the students, who were to
be the subject of this study, include students of the Department of
Education, as well.

This kindergarten is directed by Miss
Mabel Foster Cady, who is also a Lecturer on Educational Psychology.

The building is considered a model of how a kindergarten is to be
built and is visited by many educators. For several years a Conference of Kindergarten
Workers has been held here, and has been attended by experienced kindergarten teachers from
all parts of the United States.

It is hoped to continue to note
these activities in behalf of young children of
some of which have been in operation and the main aim of which is to
prepare the way for the work of nursery school education for young children.

In order to meet the increased cost of
college maintenance, the Trustees of Wellesley College is it necessary to
assure an increase in the student body. This increase every year brings
with it increased expenses. By the end of the academic year, the
following list of scholarships will be available:

For scholarship holders who will be
in charge of boxes and room ten, raised from 50c.

For students of ability who wish to
the entrance requirements and cannot meet the increased cost, Trustees are making provision by
a plan of offering scholarships which will be available
for the next year's entrance class. Details concerning the
机会 to receive the scholarships will be announced.

The scholarship system of a Colleger of the size and rank of Wellesley includes
not only the salary of the student but also any continuing expenses for equipment, books, and
transportation. It is necessary to serve a notice of policy to make the change for a student's education more
near to the actual cost. More and more competitive scholarships are being
established that they may not exclude
possessing students of modest needs.

THE CHINESE SITUATION

Generally speaking, the "Chinese Situation" is to the majority of Americans a veritable Chinese puzzle, and presumably the average member of Wellesley College's student body is looking at it with less than entire understanding, and hence not interested in the past history of China, which may or may not be pertinent to the present crisis. The student body of the world, however, is interested in the present conflict, and the present crisis is of interest to China, and the situation is of great importance to the world.

THE CHINESE SITUATION

The election of the Chinese poet, Lu Xun, to the presidency of the university in China is of great importance to the world, and the fact that he is a Chinese poet, and not a Chinese soldier or politician, is of even greater importance.

WHAT IS THE FUND?

After all, there has been an interest in the fund for the last several years, but the majority of the people who have been interested in the fund have been those who have been able to give. Now, however, there is a new group of people who are interested in the fund, and who are willing to give more than they have been able to give in the past.

The fund is administered by a committee of six people, who meet together once a month, and discuss the progress of the fund, and the plans for its future. The committee is composed of three men, and three women, and they are all members of the faculty of the college.

The fund has been in existence for several years, and has been successful in raising money for various causes. In 1924-25, the fund raised $12,000, which was used for the following purposes:

1. To aid in the construction of a new building for the college.
2. To help finance the educational work of the college.
3. To support the work of the college in the community.

The fund has been successful in raising money for these purposes, and has been able to do so because of the interest and support of the people who are willing to give.

The fund has been successful in raising money for these purposes, and has been able to do so because of the interest and support of the people who are willing to give.

In conclusion, it is hoped that the fund will continue to be successful in raising money for the purposes for which it has been established.
PRESIDENT COLLEGE

Yun Keshar Bhanwad, an Indian boy who is being supported by the Student Service Fund, is studying here. He is in his second year of upper division work and is good and dependable. He is the son of an elderly man who has been the chief of his friends in America. Yun was told, "My dear Keshar, your obedient boy, Yun Keshar, is writing to his father. I am quite well and am ready to come home. I am about to leave for the United States. I am in good health and am ready to come home. I am about to leave for the United States."

"Yes, Keshar, your obedient boy," the parent wrote back. "I am happy to hear that you are well. I am ready to come home. I am about to leave for the United States."

OPINION OF IMPORTANCE OF FIRE RILES EMERGENT

At the beginning of the season, the business manager and the student fire
riles felt certain that the fire drills would immediately be given up by the
students. After the war, the administration realized that it was necessary to
hold fire drills regularly. Fire drills are now held regularly in the college
buildings. The students are required to evacuate the buildings in five
minutes. The fire drills are conducted in a systematic manner, and the
students are well prepared for emergencies.

AFFILIATION OF RED CROSS

Miss Pendleton has appointed a chair-
man, Secretary, and treasurer. The
chairman has the responsibility of
keeping the Red Cross Committee
organized and functioning. The secre-
tary is responsible for keeping records
and reporting to the administration.
The treasurer is responsible for raising
funds and organizing fundraisers.

The Chinese Situation

lives an opposition to the passage of a
law by the municipal council of
people's congress.

I shall now review briefly the re-
port of this man, which I have referred
to previously. He stated that the
administration was acting against the
interests of the students. The admin-
istration was under pressure from the
students to change its policies.

When the students were arrested, an
operator asked to be taken to
them, for they had the same purpose of
resisting the law. They were not
actually doing it at that particular
moment. The arrest caused no
panic, for the students did not get

used to these types of actions. The
students were dispersed in a
thorough manner. Few people were
injured, and the campus was quiet.

The strike was a victory for the students,
and they were not satisfied with the
outcome. They continued to
demand their rights. They were not
satisfied with the letter of the law.

The strike was a success, but the
administration was not satisfied. They
continued to resist the students.
