NOTRE DAME ORGANIST COMES SUNDAY NIGHT

Louis Viersen, composer and Cathedral Organist, Ushers in Series Of Recitals
WAS PUPIL OF CESAR FRANCK

The concert to be held in Houghton Memorial Chapel, 1:15 p.m., Sunday, February 21, given by Louis Viersen, composer and organist of Notre Dame Cathedral, will be the first of several organ recitals to be given in Wellesley before the end of Lent. The organist has held the position of international fame, distinguished by the quality of his recital and improvisation, and by the brilliance of his compositions.

Born in 1878, Professor Viersen, 37 years ago, received his first serious musical instruction under the master, the head of the organ department at the great Central Franck School. Under his direction, with the aid of the world's greatest organists, Viersen has developed into a master of the art of organ playing. His reputation is based upon his ability to bring out the best qualities of the instrument and to adapt himself to the character of the music selected.

LADY PIANIST TO PLAY AT RECITAL

Miss Irene Schermer Offers Recital Of Interest In Fourth Of Series

Recital by Pianist Has Varied Program

Miss Irene Schermer, pianist, was the featured performer at the fourth concert of this year's concert course at Wellesley. Miss Schermer, who is a pupil of Tobias Matthay of New York and a graduate of the New England Conservatory of Music, as an concert-pianist, last evening presented the following program:

Chromatic Fantasie and Fugue

Sonata in G Minor

Schumann, Romance No. 3 in D Minor

Includes six studies: A flat, F major, E major, G flat (Black Keys), A minor; in E major; G flat (Octave Study)

A major et B minor

Grands Etudes, Op. 10, No. 5

Etude, Op. 12

Mephisto, Op. 16, No. 5

Bach

Concerto in G Major

Intermission

Concerto is old Institution

The customs of offering a series of concerts each year is one of long standing in Wellesley.

The concerts were used to be given in the Chapel before Alumni Hall existed, which was会议精神 by the Wellesley Symphony Orchestra, offered in the concert course, on December 5, 1922. Since that time all of the recitals have been given at Alumni Hall.

During the recent war the concerts were discontinued for about four years. Since 1927 the members of the Planning Committee of the Boston Symphony Orchestra, other of the concerts have been held in Freight House, Hoffman, Burgmanoff, and Camerata Vocalis, and at Boston Symphony Hall.

The audiences of the concerts have been pleased to learn that one of these concerts has included a few words from the alumni who will give on February 15, has offered more than fire hundred auditee in their entirety to programming the said recital.

Miss Schermer has been presented in the public press before this season, and has given a number of recitals in various cities, including Chicago, New York, and Boston.

The concerts have been well attended and have received favorable reviews from the critics who have seen them.

DELEGATES TO THE MILWAUKEE CONFERENCE REPORT MEETING

At Zeta Alpha Society House on Monday, Feb. 2, the Milwaukee delegates reported to the Student Assembly of the National Students' Conference held at Milwaukee from December 28 to January 1 of this year and their impressions of the conference as well as of the meeting and the purpose of the conference as "An attempt to grasp a synthetic view of the world and a deeper understanding of the problems which face us.

Miss Harriet Wilsey, the first speaker on the program, gave a general overview of the Conference. The Conference was attended by almost eight hundred people, among whom were minorities, students, teachers, professors, and foreign students attending. The Conference was held in the city of Milwaukee and the student body was included in a program of events which will be of great interest to all concerned.

Under the chairmanship of Harriet Wilsey, the Milwaukee delegates will be announcing shortly after the close of the meeting, on the examination period. The presentation is to be directed by Mr. George S. Lord who is the director of the Harvard Phi Eta Sigma. Professor Fordham has charge of the music with Margaret B. B. and student musicians take care of the music. The program of events is a follows:

I. President: Ellen Bartlett, Business Manager, Elinor Eaton Secretary, Katherine C. Stein, Treasurer, Amherst Library, Louis Sibley, Johns Hopkins, Dorothy Johnson, President, Marquardtagt. Clinical: Inge Boulanger, Director, Alice Green, Head Nurse,Rebecca Parsons, Publicity, Harriet Parsons, Clothing, Helen Reeves, 20th Century, Alice, Landing Davis, 20th Century.

For a while it was rumored that the Beacon would have been the chosen opera. It was谣 that the President, Lord, that the recent College threads, with their pleasant voices could not as well be offered at Harvard as at the University of Chicago. For this reason the change was made.

The first performance in 1878 Paris produced has been a popular favorite ever since. It has been given in London and when brought to America the following year was most heartily hailed. In fact, the American audience was no great that the next Gilbert and Sullivan operas, the Pinafore was brought out under a music hall in New York.

PINAFORE is an opera that combines all the wit of Gilbert's verses with the charm of Sir Arthur Sullivan's music. Each scene seems perfectly to do the mind and artistic temper of the other that they all harmonize with each other. Their operettas are genuinely English, clever, humorous and in every way delightful.

Ambitious? Energetic?

**The Universal, June 14, 1889**

June 8 was the red-letter day in the annals of "W." It dawned happily a sunshine and balmy day, though for weeks the weather had been so rainy and thick that it was hard to believe that such good fortune would last. But in the evening the clouds without were lighted by lanterns and a hazy moon presented the desired fairy-like twilight which has been so much enjoyed in former promenades and which can not be improved. The promenade was around Lenefiel's fountain this year, while the way to Point Tayloe was "as lovely as possible," and the change proved a wise one. The fountain was playing, though the moonlight did not seem to have subdued its stream to any remarkable extent. A pretty effect was produced by the circular frames of electric lights at the base of the fountain and another a little above this. The Thompson-Houston Electric Light Company most kindly furnished and arranged this lighting free of all expense and certainly made a very satisfactory result. Lanterns around the pond also by their reflection, made it seem a bed of twilights, etc.

**Music:** Bath Chorus

The German band played the first part of the evening played at the second floor, but in the latter half of the evening no orchestras at the end of the hill, and all those who had been too long chained by the charms within could no longer resist the strains of the music without, but hastened to the promenade.

As the guests entered the front doorway they were received by an innumerable host of minstrels from the topmost ranks, who with much tact and dispatch, in spite of the almost insuperable obstacles in the way, happily played the part of a reception committee and led the strangers to their friends.

**Miss Bearwears Yellow**

When once passage was gained, through the masses of evening suits and dresses of all descriptions to the Drawing Room, the guests were thus introduced to Miss Gowen and Miss May, President and Vice-president of the Junior Class, to the College President, Miss Shaler, and Miss Boynton, President of the Senior Class. Miss Gowen, in her simple but elegant dress of white silk and tulle, trimmed with a spray of forget-me-nots, made a perfect hostess for the occasion. Miss Shaler was more completely all hearts of 30 by wearing the class colors in her like silk and carrying the class flower, heliotrope. Miss Boynton wore a dress of lemon yellow silk, carrying red roses, and Miss May a tan-colored gown of tan-colored which was well offset by a handsome bunch of Amaranth.

**A Man Attends Junior Prom but Coles'esses Is "Cut Out!"**

It was on the evening of May 3rd, 1889, in Society Hall that the class of 89 was received by the class of '51, who had prepared a little surprise in the way of entertainment, which accompanied the presence of a man, a most natural figure on such occasions. This was Professor Church, of Andover, who described the assembled company with a Shakespeare reading, which the reception committee felt to be too many to undertake to do themselves.

After the departure of the gentlemen, the ladies expressed with grace and skill a popular dance of the period, known as the Virginia Reel. This closed the evening's entertainments which was added to be highly gratifying. No mention has been made of refreshments, which may seem a strange omission to modern classes, but at that time it was not considered the correct thing to serve them on such occasions.

**The Grand March Starts at 4:30; Gurley Fells at 11**

From the NEWS, Feb. 15, 1917. The class of 1916 rendered themselves forever famous in the annals of Wellesley College on the occasion of their first Junior Hop, Saturday, February 16. The affair was held at the Mangum Click in Wellesley Hills, where the arrangements of the Senior Promenade simplified the amount of time and labor in the preparations. The Grand March, led by Frances Dutton, chairman of the committee, began at 4:30. The dancing began promptly at seven, and lasted until eleven. The Country Club furnished adequate accommodations for the hundreds and seventy-five couples who attended. The guests of honor were Miss Pendle, Miss Waite, Miss Davis, Dr. Calvin, and Mrs. Calhoun. Music was furnished by an eight piece orchestra.

The success of this first Junior Hop certainly warrants its becoming precedent in future years. The dance held the same week as the Senior Promenade, and in conjunction with the College concert and tea dances, occurs at a very favorable time. Last year in 1915 has started!

Miss Martha Hoble spoke of the difficulties of life, and the hidden separations revealed through religion, science, and psychology. Jesus said that to be in Christ is to be in a very real sense in the world. Christianity removes the mirr
life, and teaches submission of the will to the will of God. There is evolu-
going on in our religious lives as nothing else. The book of St. John says that Jesus taught us that through we can not increase our capacities, we can de-
velop them in the measure of our abilities are liminal. Prayer gives a key for this change. The cur-
ing of the clergy means something like Godlike. Miss Hoble said that this was proof that human nature could be changed.
The "Cross" was the subject of the lecture which was presented during the conference by Dr. Kington. Miss Dorothy Webber told the Wellesley meeting of the last century. Human beings are creatures of passions, yet we preserve ourselves by truth, love, and faith; but the spirit of our passions at-
seemingly being carried on the cross. yet he is never killed. Let us, at least, assume a small responsibility for the burden with a love that will conquer the smallness of our soul.

PIRATES OF PENDANCE ONE OF BEST PARDIRES OF SULLIVAN

It is interesting in view of the selection by Barn of Gilbert and Sullivan's "Patience" for the spring opetta to notice the revival in New York of The Pirates of Pendance. The Boston specimen prints an article on the re-
vised version of The Pirates of Pendance. The book is written by a new author, and is currently published in London. The book is
of the first characteristics of Gilbert's better work. Every one must con-
continue to read this program in Rocky Mountains mining country during times, of course, and she is a favorite guest at other colleges and at the home of Mr. and Mrs. Hobson.
Mr. Gilbert, when asked of his successful ventures, said, "We think small. We think in a broad, popular, folk-like manner. The result is, we have known Canadian authors, who write, 'You surprise us not only with your wit, but with your humor. We have been taught your knowledge of the French-Canadian and his surroundings, but also by your robust and unpretentious spirit with his spirit. Your rendering of Drummond's poem was especially

CHILDREN'S STORIES WANTED
IN CHRISTMAS SEAL CONTEST
In order to stimulate a more wide
interest in the stories to be
used in the 1927 Christmas Seal
campaign, the National Tuberculosis
Association is offering three cash prizes
of $50 each for the best stories
submitted for use with the contest
motions below:
1. The contest is open to college
students, and will be restricted
to those having training or
experience in writing stories.
2. Stories must not be over
2,000 words in length.
3. Stories may be submitted
in any medium suitable to
the Christmas seal for 1927.
4. Stories may be written for
two age groups—elementary
and high school students and
grade children.
5. Stories must be submitted on
no later than March 12, 1927.
6. The contest is open to college
students, and will be restricted
to those having training or
experience in writing stories.
7. Their appeal to the public
8. Their value in increasing
the knowledge of tuberculosis
in the general public;
A sample of the 1926 stories and
a sample of the 1927 Christmas Seal
will be circulated to the various
sections for their consideration.

WHIT'S OBSERVATORY OPEN
On February 9 from 3 to 11 P.M.,
the Whit's Observatory will
be open to the college.
His faith unconquerable, his passion for work irresistible, his accomplishment not surpassed in the annals of invention, Thomas Alva Edison has achieved far more than mankind can ever appreciate. February eleventh is the eightieth anniversary of his birth.

Wherever electricity is used—in homes, in business, in industry—there are hearts that are consciously grateful, that humbly pay him homage.
SCHOLARSHIPS IN ECONOMICS ARE OPEN IN MANY COLLEGES

The following fellowships and scholarships in Economics and Sociology are offered for the year 1928-29. The Personnel Bureau will be glad to give the details and requirements of each to students interested in the opportunity for further study. In most cases an application for these should be made in February or March.

University of California

Newton Booth Fellowships are awarded either as travel fellowships or as research fellowships at Berkeley. Funds provide travel allowance for one year; and two research fellowships of $150 each. No teaching.

Pennsylvania College of Commerce at $200 each. Open to students carrying advanced studies in some branch of commercial subjects. No teaching.

Northwestern University

In the school of Commerce: three teaching fellowships at $300-$350 each; two teaching fellowships at $300, plus tuition; four graduate assistantships at $200, plus tuition; and two tuition scholarships.

Department of Economics: one undergraduate fellowship of not less than $400, and two tuition scholarships; and one at $400, tuition included.

University of Illinois

A large number of general graduate fellowships, as well as special fellowships, are available in the Economics of Public Utilities, with scholarships paying from $400-$600 a year, plus tuition, travel, etc.

Clark University

Various types of Fellowships and scholarships ranging from $100-$500, plus tuition. No obligation other than creditable graduate work.

Tufts College

Rank Graduate Teaching Fellowships, four at $300 each, and one at $400, tuition included. And one at $400, tuition included.

Harvard University

Jacob Wirth_Private Fellowships, to the betterment of Industrial Relations, for the purpose of original research in the field of Industrial Relations. $1,000 plus expenses. Also available are two additional research fellowships, $350 each for work in the field of Industrial Relations.

Rutgers University

Various types of Fellowships and scholarships ranging from $100-$500, plus tuition. No obligation other than creditable graduate work.

Wellesley College

Graduate Fellowships in Economics, two at $400, plus tuition. One at $350, plus tuition. In addition to these, the student is required to carry on research with the Child "s Aid Society of Pennsylvania. The holder receives both instruction in study, placement, and supervision of dependent children in foster homes. Certificate given at end of year but holder must agree to spend an additional year as member of the staff. The other scholarship is awarded in the social work department. Field assignments and choice of studies in family welfare work, child placement, and supervision, medical social work, psychiatric social work, school counseling, social research, or community organization.

Several working scholarships in association with family welfare, child welfare, and other specialized agencies. In general scholarships cover tuition and other school fees and sometimes more than one half salary over a period of two years.

There are also offered several tuition scholarships and a student loan fund, loans being made without interest. Also residence in settlements at reduced rates for board and room. Service on one or two evenings of each week in return for residence.

George Junior Republic Association Scholarships available to students who are interested in social work.

COLLEGE NOTES

Miss Janet Scott and Miss Sarah Martin, Co. 25, visited Wellesley last weekend.

Several members of the class of 1926 were here last week-end after a one week vacation in the South. Elizabeth Carter, Katharine Trapp, Virginia Wellington, and Ellen Eberbach.

The Freshmen C. A. meeting is to be held Wednesday, February 2, and will be a musical.

PROFESSOR CURTIS DISCUSSES INTERVENTION IN NICARAGUA

In an address before the Faculty Club of Wellesley College, Prof. Albert B. Curtis discussed the intervention of the United States in Nicaragua, which has resulted in the efforts of a decade on the part of the United States to establish a policy of friendship and try to overcome Latin American suspicions and animosity. The professor's visit to Nicaragua, which ended a few days ago, has been described as a tour of the country by a man who has not only the political background of a long career at the State Department, but also a personal acquaintance with the people of that Central American republic.

WELLESLEY COLLEGE NEWS

NICARAGUA showers, the United States has been making Mr. Curtis struggle at every turn. To cut a long story short, the Mr. Curtis and his colleagues at the Nicaragua Office of the Department of State visited every section of the country, from the Pacific to the Caribbean, and from the interior to the coast, to establish a policy of friendship and try to overcome Latin American suspicions and animosity. The professor's visit to Nicaragua, which ended a few days ago, has been described as a tour of the country by a man who has not only the political background of a long career at the State Department, but also a personal acquaintance with the people of that Central American republic.

The reason for the intervention of the United States in Nicaragua has been to establish a policy of friendship and try to overcome Latin American suspicions and animosity. The professor's visit to Nicaragua, which ended a few days ago, has been described as a tour of the country by a man who has not only the political background of a long career at the State Department, but also a personal acquaintance with the people of that Central American republic.

Cheerful Flowers make Exams easier

There's nothing like them to make the last minute prep go smoothly. Like companion plotters, they'll be an inspiration and help to you completely grasp uncertain principles.

MISS RODWELL DEMONSTRATES MARVELS OF LAND OF PHYSICS

Mme. Polacco has beenoe you with the statement that New England is in bloom, Spanish dance and Mexican music are everywhere in evidence as Wednesday weather—hot, cold, snow, wind, clear, rain, hail, mist.

Little freshman wrote home: "There's no such snow here and it's really cold that I really need a hay coat!"

Winter Carnival Committee grants "You can, but try to get your snow on a sunny day!"

Twice now, Wellesley has had to postpone her skidooing, sleighing, excursions skiing, skating, and sleighing but can be said of all New England's Spanish-dancer weather. If you want snow on Saturday, be assured it's due on Friday.

To remember, when considering Massachusetts, that Gloucester Elizabeth Ellsworth of 2 Newbury Street, Boston has re-opened The Little French Shop Wellesley Arcade Everything is a bit of France. From the latest French lawn found in the boudoir of the smart Parianne (perfumes, powders, scents, perfumes, etc.) to the embroidery and pottery from quaint Bretagne and Normandy.

WELLESLEY COLLEGE NEWS

REPRESENTATION HAS LITTLE SIGNIFICANCE IN MODERN ART

On Wednesday and Friday afternoons, January 26th and 28th, Professor Albert Heyer of the Art Department gave gallery talks and led discussions about his expressionist paintings which have been on exhibition in the College Art Museum for the past three weeks. Dr. Heyer, a short, wiry man, outlined the general trend of modern painting, and noted that the work which contemporaries are doing is not what they might have expected from the earlier work of the Impressionists. He felt that the expressionist painters were interested in the human element, and that they were trying to express the inner world of the artist rather than paint what they saw. He felt that this was a new trend in art, and that it was a trend that was going to continue to develop in the future.
